A Childhood Love.

Chapter One.

''_Don't go far from the nest!'' _Ariadne calls after her rambunctious son Toothless._ ''I won't I promise''_ he calls back as he rushes out next to Starfire and Nova. _''Don't worry Ariadne we won't let anything hurt him'' _Nova calls back as Toothless knocks her down and shouts at his mother in exasperation._''Scared of you're own mother are you_ _Toothless_?'' Starfire teases as the three of them leave the cave system and fly upwards. _''At least I'm not terrified of my mother like you are!''_ Toothless snorts at Starfire before vanishing into the shadows of a dark and mysterious cave. _''Come out of there Toothless! You never know what may be lying in there! Hurry up get out now!'' _Nova shouts at her crush who appears from the depths of cave grumbling at her. Suddenly a massive head emerges from the depths of the cave quickly swallowing Toothless. _''Toothless!'' _Nova cries in horror as the massive head vanishes back into the cave. _''Let's get back to the cave and tell Ariadne what's happened to Toothless Nova'' _Starfire says pleadingly. _''Okay but I can guarantee you she is not going to be happy when we tell her''_ Nova says as they fly back into the nest. _''That was quick. I didn't expect you back till later''._ Seeing the worried looks on the young Furies faces she asks them where Toothless is. _''A massive head came out of a cave and swallowed him Ariadne''_ Nova tells the worried mother. _''What!? You didn't do anything about it!?''_ an angered Ariadne shouts in fury. _''I'm sorry but we thought it was best to get you to help him escape''_ a terrified Starfire cries.

Chapter Two.

''Hurry!'' Nova urges Ariadne. _''Okay I'm coming'' _she answers. _''Be quick!'' _Starfire says in worry. After arriving at the cave Ariadne fires a fireball into the cave just as the monstrous dragon emerges. '_'This can't be! I thought he died all those years ago! That monster cannot still be alive!''_ Ariadne gasps. _''What do you mean by 'died all those years ago'?''_ Starfire asks. _''Let me tell you something. Years ago, when I was young, I watched my parents be swallowed up by Nightwish _Ariadne says. _I tried to save them but it was too late. Nightwish was gone and he had taken my parents with him'' _she finishes.
